## TELSTAR SKIERS VICTORIOUS IN FOUR-WAY-MEET, FEB. 4-5

The Telstar varsity boys' ski team continued its winning ways Friday and Saturday, Feb. 4 and 5 as they defeated four other schools in four-event competition at Mt. Abram and Telstar.

The team scores were Telstar, 388.55; Laconia (N. H.) High School, 365.90; Berlin (N. H.) High School, 365.35, and Livermore Falls, 285.14, competing in only four events.

Friday morning events began with the alpine as John Weeks of Laconia captured the slalom with a two-run total time of 62.6 seconds, followed closely by Mike Rosenberg of Telstar, 62.7, and by Chris Rival of Laconia in 62.8. The next three places were taken by Telstar skiers: Steve Morrill, 4th; Scott Dennis, 5th, and Peter Bodwell, 6th.

In the Friday afternoon giant slalom Doug Fuller of Livermore Falls edged out John Weeks, Laconia, for first place with a two-run total time of 120.2 seconds. Weeks' time was 120.3. Not far behind was Tom Burns of Berlin with 120.6.

Saturday events turned to the nordic and began with the jumping at Swan's Corner on the Sunday River Road. Mark Niedner of Livermore Falls was the individual winner of a closely fought battle of the first four jumpers. Niedner's three jumps of 91 feet were enough to give him 187.2 points and first place. He was followed by Glen Joyce of Laconia with 183.7 points and jumps of 90, 92, and 89 feet. In third was Dave Webster of Telstar with 179.8 and was followed by teammates Mike Brooks, 178.7, and Peter Bodwell, 167.7.

Saturday afternoon saw the final event, the cross country, held at Telstar. Tim Downs of Telstar took first place covering the 6 KM course in 22:32 followed by teammate Mike Dunn in 23:03; Tim Tenny of Livermore Falls was third and Peter Bodwell of Telstar was fourth.

The meet's individual slalom had to be Peter Bodwell of Telstar who took a sixth in both the slalom and giant slalom, a fifth in jumping and fourth in cross country. In view of this Peter has to be a strong contender for the skiers' award to be given to the best four-event skier in the State Class "A" Ski Championships to be held Feb. 18 and 19 at Mt. Abram and Telstar.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met Monday night, Feb. 7, and acted on a variety of items. Minutes of the Jan. 31 meeting and warrants #1 and 2 were approved.

A Public Hearing was held on the proposed uses of Federal Revenue Sharing Funds and Anti-Recessionary Funds. The Manager presented letters from Cathy Newell, Tom and Sandy Caton, and Elizabeth Mason Carter all requesting that a portion of Revenue Sharing Funds be used for improving sidewalk snow removal. The manager presented the following recommendations for use of these funds:

Anti-Recessionary Funds: Roads and Bridges Salaries, \$8,000; Winter Roads Salaries, \$10,500; Total, \$18,500.  
Revenue Sharing Funds: Health, Welfare, Sanitation—Androscoggin Home Health, \$889; Tri-County Mental Health, \$2,220; Western Older Citizens Council, \$871; General Assistance, \$6,500; Oxford City, Comm. Services, \$560; Town Dump /Landfill, \$10,000; Total \$20,839.  
Protection—Police Dept., \$5,000; Fire Dept., \$5,000; Street Lights, \$8,700; Total \$18,700.  
Public Works — Backhoe, \$12,000; Road Construction, \$19,700 (Smith Rd., \$13,700; Osgood Rd., \$6,000); Total, \$33,700. Total from Federal Revenue Sharing, \$71,239.

After considerable discussion, the Board voted that the \$18,500 of Anti-Recessionary Funds be included in the budget as recommended by the manager. The Board, on a 3-2 vote, voted that the \$1,239 of Revenue Sharing Funds be included in the budget as recommended by the manager. Arlan Jodrey and Stanley Howe were opposed because no allocation of funds was included to improve sidewalk snow removal.

The Town Manager informed the Board of the procedures for discontinuing a town road and the abutting property owners request that the Emory Road be discontinued. Action on this was tabled until Feb. 14 in order that abutting property owners and the Planning Board could receive notification of the proposed action.

Budget Committee recommendations regarding the 1977 budget were presented by the manager with no action being taken. The manager informed the Board that as a result of further conversations with the Department of Transportation Planning Office,

## MEETING OF S. A. D. 44 BOARD HELD AT ANDOVER MONDAY

The board of directors of M. S. A. D. #44 held their regular meeting at the Andover Elementary School on Monday evening of this week.

The board approved job descriptions for the positions of high school principal and athletic director. Also approved was an administrative organization plan for the district to be effective July 1, 1977. It is thought that the new organizational plan will improve supervision and accountability over what has been experienced heretofore.

The board passed over the recommendations of the Finance Committee for the FY-1978 budget in the areas of district administration, attendance services, health services, transportation and debt services with the stipulation that they be included on the Feb. 28 meeting agenda.

The board authorized the use of a district bus to and from Lewiston in mid-April for the baseball team. Plans are for the Telstar team to travel with the Lewiston High team to southern New England for games with teams in that region. Upon return to Maine, games will be scheduled with teams in the southern part of the state. Outside of use of a district vehicle between Bethel and Lewiston, no district expense will be involved in this pre-season trip. The baseball team is planning to institute money-making projects to provide the bulk of the financing for the trip.

The sum of \$250 for expenses plus the cost of bus was authorized for possible participation of the Telstar boys' ski team in the New England Ski Championships in Lyndon, Vt., Feb. 25-26.

Slated for discussion at the next board meeting are reports of the Curriculum Committee in the areas of reading, math, social studies, science and language arts.

Supt. Kenneth Smith reported that word has been received that the Community Education Work Council project submitted by M. S. A. D. #44 has been recommended to the U. S. Department of Labor for consideration. Results should be known within two weeks. He also noted that the Telstar high school and middle school scheduling for next year is currently underway. Guidance Director Samuel Elliott and Ted Davis of the Math Department are assisting in this vital work. Mr. Smith also noted that the State has approved the purchase of another diesel bus during the next fiscal year.

Board members absent Monday evening were: Philip Morales and Gerald Schachter of Andover; Arnold Jordan of Greenwood.

The next meeting of the S. A. D. #44 board will be held at Telstar Regional High School on Monday evening, Feb. 28.

## HISTORICAL SOCIETY SEES FILM ON 18TH CENTURY LIFE

At the monthly meeting of the Bethel Historical Society on Thursday evening, Feb. 3, a film on 18th century life in Williamsburg, Va., was shown. The film featured one day in the life of a cabinetmaker beginning at daybreak and ending when he retired for the night. Focusing on his activities, the presentation traces his day from the brushing of teeth with a sassafras root through breakfast then at work in his shop followed by a visit to the pub after the completion of his labors. The final segment finds him at home with his family who are amusing themselves with handwork and parlor games.

The presence of slaves, the tolerance of gambling and card playing, and the warmth of the climate contrast sharply with aspects of New England life during this era. But there existed many similarities within the British colonies including the methods of cooking, transport and work. The post rider was as essential to a Virginia colonist as he was in New England. The prison system appeared as harsh in New England as in the southern colonies. Pubs were numerous throughout the American colonies. It was a slower-paced life, laden with hardships but people of that era seemed more secure in their identities and values.

The annual Town Reports are now available. Resident taxpayers on Bear River who have not received their copy may get one from Mrs. Louise Tetley, town clerk. Sunday River residents may get them at Sunday River Inn. Town Clerk and treasurer, Louise K. Tetley, will be away from Feb. 12 to 19 and Mrs. Mary Tripp, deputy clerk and treasurer will take her place. Persons having business with the clerk or treasurer during that time should call at Mrs. Tripp's home. The report shows assessed real estate valuation for 1976 of \$2,422,050 with personal estate at \$125,060 for a total of \$2,547,110, with a tax rate of .022 for a commitment of \$56,842.73. Under the Tree Growth Tax Law there was a loss in valuation of \$773,210, or approximately 30%. Without this loss the rate could have been .0139. The report shows \$713.02 in resident and \$2,419.26 in non-resident taxes uncollected Dec. 31. A total of \$811.04 were collected and

paid the treasurer in January. At the close of the year there were \$755.21 unpaid tax liens. Of this amount \$11.40 was paid in January. Tax liens soon will be placed on all real estate upon which 1976 taxes have not been paid.

The Newry Ladies Oxford County Extension meeting will be held at the home of Mrs. Jane Grover Feb. 16 at 10:30 a. m. The subject will be Cake Decorating. There will be a silent auction. ## ARE YOU BROKEN?

Dr. J. Philip Jackson  
Community Church  
Rumford Center

The Bible says that "we, being  
many, are one bread." Whenever  
Jesus Christ took bread in His  
hands in the Bible, He always  
broke it. He did it when He fed  
the five thousand. We read that  
He took the loaves, broke them,  
then gave them to the disciples to  
distribute.

The second occasion was at the  
Last Supper: "Jesus took the  
bread and brake it."

Then the third time was after  
an eight mile walk with the two  
on the road to Emmaus. He took  
the bread, brake it, and they re-  
cognized Him in His resurrection  
body.

It seems that whenever Jesus  
took bread in His hands it was to  
be broken. Had He not broken it,  
there would have been no meaning  
in it. BREAD MUST BE BROKEN  
BEFORE IT CAN BECOME A  
BLESSING.

We Christians are like bread;  
valueless until broken. But when  
our lives are placed in His sacred  
hands we become broken bread  
with which He can feed the hun-  
gry hearts around us.

Once we surrender entirely and  
completely to Him, He takes us  
and breaks us and by a miracle  
uses the little we have to bring  
blessing to a hungry world.

Unbroken bread gets stale. May  
we be broken for blessing.

**WESTERN WRAMBLINGS**  
Louise Chapman  
As I sit here listening to and  
watching the "Today Show," it's  
like looking at another world. I  
know what it's like back east  
during the winter. I lived there  
during 27 of them and have weat-  
hered those storms, winds and  
frigid temperatures. However,  
what I'm seeing and hearing is  
so very different, in more ways  
than one.

I feel the weather through cor-  
respondence from home. People  
are telling me of cold days and  
big storms. I see it on my TV  
screen, but I can't quite compre-  
hend it.

I'm sitting here now looking  
out the window at five sailboats  
on the lake. The ever present sun  
is streaming through the curtains.  
The average daily temperature  
has been about 60°. This, in it-  
self, is just as unusual as what  
you're experiencing. It should be  
foggy, damp and wet! The winter  
season is the rainy season here in  
the Willamette Valley. The  
mountains should have over four  
feet of snow, instead numerous ski  
areas are closed or operating on  
a limited basis. There have been  
four forest fires in this area,  
the first January forest fires on  
record. If it doesn't rain steadily  
before and during the spring there  
will be a serious water shortage.

Some areas are down to only a few  
reservoirs, and without the melt-  
ing snow from the mountains this  
spring the outlook is bleak.

It seems each end of this coun-  
try has got something the other  
wants, and no way to get it there.  
Mother Nature is indeed in an up-  
per and it doesn't look as though  
she's going to be calmed down  
for awhile yet!

**Letters to the Editor**  
Feb. 7, 1977  
To the editor:  
"When in the course of human  
events," we, the general populace,  
come upon garbage, piles of man-  
ure or w. c.'s — wayside chapels  
or water closets, depending upon  
the point of view—we accept them  
as quite unremarkable adjuncts  
to human and animal habitation.  
Very few of us find it necessary  
or even in good taste to comment  
upon their presence or uses.

When we occasionally come in  
contact with someone who is un-  
duly preoccupied with such, the  
very essence of good manners dic-  
tates that we shall refrain from  
comment and ignore him along  
with the garbage, manure piles  
and w. c.'s.

Sincerely,  
Frances Gunther

## Today's Meditation B.E.A.R.S., Inc.

(Bethel Emergency Ambulance  
& Rescue Service)  
Thursday, February 10, 1977

"Our love should not be just  
words and talk; it must be true  
love, which shows itself in action."  
(1 John 3:18 RSV)

It had been a long hard winter  
in the Middle West. There was not  
much sign of spring anywhere on  
Palm Sunday. However a lovely  
family brought me a beautiful  
pansy they had picked out of their  
yard. Only one.

They told me, "After picking  
the pansy we looked and found  
that a mother rabbit had dug her  
nest for her young near the pansy.  
The warmth of the babies and  
mother must have furnished the  
warmth for the pansy."

Our lives can be so filled with  
Christ that the warmth of our  
love can reach others.

Prayer: We are not strong, Lord,  
but we let our love of You  
grow to the point that even un-  
consciously we will furnish  
warmth for others to bloom as  
Christians. May the warmth of  
Your love be in our hearts and  
lives. In Your name we pray.  
Amen.

We have 6,850 labels counted  
already. That will get us 12 play-  
ground balls! We need 3,050 labels  
for our goal of 18 balls. People  
have been sending labels from  
Massachusetts and New Hamp-  
shire; they are still pouring in.  
Remember—any Campbell's Soup  
or Campbell's Beans labels count!  
We appreciate every label that  
comes in.

## North Paris

Eveline Barrett, Corres.

The West Paris fire department was in town Monday, Jan. 31, for a chimney fire at the former Bonney house and Saturday evening for a chimney fire at Elmer Taylor's.

Mr. and Mrs. Raymond Tripp and four children, Auburn, moved to the John O'Hearn house, Saturday.

Joe and Eveline Barrett have a brand new shiny gray '77 car and now a hired girl or maid would be in order. Joe doesn't drive now but he's happy.

Mrs. Madlyn Herrick, Norway, was hospitalized Thursday evening after suffering a heart attack during the night her trailer on Greenleaf Avenue was burned to the ground. She was a former resident here. Let's all pitch in and help her.

Mrs. Neil Cohen took her son, Matthew, to Dr. Hazelton, South Paris, Friday and the doctor sent him to a specialist in Lewiston.

Mr. and Mrs. Ellsworth Lawrence were in Berlin and Gorham, N. H., Saturday, called there by the death of his half-brother, Albert Lawrence Sr.

Herbert Barker, South Paris, was at the Barrett's to put a V belt on the automatic washer. Also calling Zeke Trask, South Paris, John Estes, Doris and Robt Lawrence, the O'Hearns.

On Thursday I saw a pick up truck drive in O'Hearn's driveway with a man, his son and another boy in it. The son went to the door and no one home, so as he went by John's pick up truck, he kindly removed one spot or fog light and they took off up street. I called John and he called the Sheriff's Dept. The father said he did not see the son take anything, but whether he saw him take it or not, the light was found by the roadside when Deputy Aaron Cox took the son for a ride downtown. At 2 p. m. and houses all around, I call that quite brazen and I can't help it if I happen to look out the window. The boy must make a call on the judge Feb 8. It might do the father good to make a call also. Is this the good old days?

A letter from "Red" Perham who is wintering in Massachusetts says he is well, warm and having enough to eat, but the temperatures were frigid.

Mr. and Mrs. Herbert Stevens, Mrs. Roberta Tripp and Mrs. Lole O'Hearn were in Lewiston and Auburn, Monday.

## TELSTAR GIRL SKIERS TRAIL IN CLASS A MEET IN RUMFORD

The race was a close and hard fought battle as the first and tenth places were within 53 seconds of each other.

Don't settle for slower savings growth!

If your bank is playing "hard to get" when it comes to paying you the maximum rates on long-term savings, then come to Casco.

You won't have to settle for slower savings growth (or less income), because you'll get the highest legal interest Casco is allowed to pay you.

With Casco's Savings Manager, that can be a big 7.5% if you deposit \$1,000 or more for six years.

Federal banking laws impose a substantial interest penalty for withdrawing early, but Casco gives you a good reason for sticking with it and letting your interest build up during the year. When you do, your actual yield increases to 7.79%, because we

figure your interest and add it to your balance every day.

In just six years, your \$1,000 turns into \$1,568.

If that's the kind of savings growth you're looking for, stop in at any Casco office. We'll explain all the advantages that only a Savings Manager account offers you.

The week began with the Energy Committee, of which I am a member, visiting the Maine Yankee Atomic Power Plant in Wiscasset. The visit commenced in the exhibit hall with a three screen sound and slide show on the construction and operation of the plant followed by a tour of the facilities.

The goal of Maine Yankee has been to meet the need for commercial electrical energy with minimal disturbance to environment. These important environmental considerations are becoming an increasingly complex and costly factor in the production of electric power. More than \$2,000,000 has been committed to environmental studies of the tidal water adjacent to the plant's location on the 740 acre tide-water site. These studies have been undertaken primarily by the Dr. C. Darling Center, the marine laboratory of the University of Maine.

The Maine Yankee Atomic Power plant at Wiscasset is the largest single industrial project ever built in Maine and claims to be the largest nuclear generating station in New England. This 345,000 volt transmission system extends across the state from the New Hampshire border to the New Brunswick boundary, a distance of 267 miles.

In the two years of operation the plant has generated more than 7,000,000 kilowatt hours of electricity. Had this power been produced by burning oil in a conventional steam plant, it would have required 12,400,000 barrels of oil.

Some of the highlights of Gov. Longley's legislative message reflecting two of the major points of his Budget Message: fiscal responsibility and governmental reorganization to improve efficiency and effectiveness were his support of undedicating state funds, excepting the highway fund "at least for the present," his proposal to impose mandatory sentences for this convicted of selling narcotics and longer mandatory sentences in the case of sales to children under the age of 16 and his recommendation that a Constitutional Amendment be enacted which would limit governors to single four-year terms. I am against the latter proposal since it would provide for little accountability for programs.

I am also co-sponsor with Representative Tom Perkins (R-Blue Hill) of a bill to ban the sale of aerosol cans in the state after Jan. 1, 1979. Aerosol cans should be banned because of their environmental damage and threat to human health. Placing a two-year time lapse on the bill to allow businesses to deplete existing stocks would put pressure on national manufacturers to stop producing such products rather than on local businesses.

A bill has been sponsored to put to referendum the question of abolishing the position of State Treasurer. Governor James Longley has urged the elimination of the Treasury Department as a separate department and transferring its functions to the Department of Finance and Administration.

Sunday hunting in the southern district will be permitted if L. D. 186 is passed. The Statement of Fact accompanying the bill indicates that currently "the working men and women of Maine have only a limited time to hunt deer during the deer season as they are

## Greenwood City

Mrs. Colista Morgan, Corres.

I saw one today after all this time of walking snow paths and snowshoeing through the thickets. I had stopped for a few minutes beneath the birches holding their drooping arms to the sun. Soft filtered light lay gray patterns on the floor of the distant pine groves. I stood listening to the murmur among them. In the soft snow I read the stories of little animals who had been out before me. Near a white dome among the hummocks and just beyond the stinging-like plums of swamp grass bent, nearly buried, and frost bleached, he sat. Just for maybe five seconds, but long enough for me to get a good glimpse. Then off he bounced; blended with the snow and hard for the eye to follow... the white rabbit of the swamp.

I encountered another little animal this week, too. As I came down the hill beyond the house, I heard a peculiar noise. It came from nearby and sounded like scratching or the grinding of teeth. It took me several seconds to catch the flash of motion on a tree. It was a red squirrel, the first that I have seen all winter. In his mouth he carried a butternut and sat on a limb opening it. As I neared the tree, there were several nuts on the ground. He had gnawed through each side to get the nut meat. What a task! If you have ever tried to open one you know that the shell is as tough as iron. I had never seen this done until now. He really WAS grinding his teeth!

My third surprise was the finding of pussy willows. Truly! That outing that I have enjoyed most from the several was the one which I took with Ruth.

It was warm and sunny for a change. The gentle wind almost whispered of spring.

We left the car by the roadside and followed a snowmobile trail up an old road then on into the forest.

For a time we followed a brook; the trickling waters at times coursing over the ice that locked the brook in most places. We listened to the symphony; sometimes slow and some times swelling to a crescendo.

We pressed on into the evergreens across ledge-laced shoulders of small hills.

On a flat section the gray-brown alder stems and willow bushes formed a graceful tangle against the whiteness beyond.

Just before we came to Overset Pond we found the Witch-Hazel bush, not in bloom of course, but some seed pods and tiny remains where blossoms had been last autumn. Its blossoms then are honey yellow, clustered, and sweet; appearing after the oval, gray-toothed leaves have fallen and its fruit has ripened. Sometimes I wonder if the experience of finding one in late September doesn't give as much pleasure as the taste of strawberries at Christmas.

Standing on the pond we gazed up at the mountain ledges and remembered. Winter silence was all about. Even the winds at this time were hushed in their stables. Clouds were drifting upward

Olive Davis, Corres.

Oxford Pomona #2 met with Franklin Grange Feb. 1. They served a fish chowder dinner for those who liked it and beans, scallops and salads to those who preferred that type of a menu. There were 45 members in attendance. The Legislative committee reported on bills in Augusta. The next meeting will be held at Paris Grange when visiting officers night will be observed. Each officer was asked to procure a member from some other Pomona to fill his chair. The program was presented by Margery Coleman in the absence of the Lecturer Neal Conant who had an ear infection and was

unable to attend. The State Lecturer's bell song was sung. Margery and Raymond Coleman had a news column. Charlotte Cole, Richard Felt and Carl Brooks entertained with music. Shirley Foster spoke "Draught Jug." Contests by members with straws and paper was enjoyed. Carl Brooks danced his dolls. Mystery March, "The Grange Bells" was sung by all and the Lecturer read the thought for the day. Cards were sent to the 11 members. The next program will be on safety.

The first week of February has gone and the ground hog surely saw his shadow, which doesn't make any difference as we always have six weeks of winter—four weeks in February and two in March and we are lucky if we have a warming springlike trend even then. Right?

Mr. and Mrs. Carl Brooks took Olive Davis with them to be guest

ternoon with Fay Holt. Katie Tammara was unable to attend but she is getting better. Ruth Hastings won the hostess' prize.

## TOWN MANAGER'S COMMENTS

continued from Page One

property on Route 2 and the Jeff Frost property on Spring Street were reviewed. Mr. Brown was denied an abatement and Mr. Frost was granted an abatement of \$13,733 changing the value of his apartment house on Spring Street from \$36,850 to \$23,117. The Assessors have 30 days to appeal these results. The Board voted to make no decision regarding appeal until they could discuss the matter with the Sewall Company.

The Board will be meeting with Horace Gardiner of the Sewall Company Thursday evening at the Town Office to discuss this and to review the work performed under the town's contract.

The town Manager informed the Board of the results of the U. S. Bureau of Mines inspection of the town's gravel pit operation where they have given us 30 days to install back-up alarms on highway department vehicles used in the gravel pit. The board directed the manager to take the necessary action to comply with the order.

The Manager informed the Board that the reimbursement check from the state for Bethel's ambulance purchase will be received next Monday. Notice was also given of the Oxford County Municipal Association meeting Friday evening in Norway. The major topic of discussion will be the uniform property tax.

Town meeting warrant items discussed included needed amendments to the Flood Plain Zoning Ordinance and an item regarding the designation of 10 units of the Sudbury Village Apartments as low-income elderly housing.

A tax anticipation note in the amount of \$75,000 was signed and the Board voted that the outstanding taxes as of 12/31/76 of those people who were waiting for a decision to be made by the Assessors on their valuation, be listed as one item in the Annual Report and not individually.

A request from a group called "Towns for Fair Taxation" for an article to raise \$500 for their fight against the Uniform Property Tax was read by the manager. It was voted not to include this request in the warrant.

The Radio Study Committee met Tuesday evening at the Fire Station and voted to hold any recommendation regarding the purchase of radio monitors for the Fire Department until next year as they felt they did not have adequate information at this time to make a request at town meeting. The committee also voted to support the Selectmen's Town Manager's and highway foreman's recommendation that the purchase of radios for the highway department be included in the Town Meeting Warrant. This follows the recommendation originally submitted by the committee to the Selectmen last summer. It was also voted that the committee meet with the Budget Committee Thursday evening to recommend support of this item.

Town Meeting is scheduled for Monday, March 7, and voters are reminded that nomination papers
